Oil excitement is at fever heat. The Pebble Company will have another machine in a few days and will commence drilling near this place. These companies are going to give these wells a thorough test. They will go down about 2,000."

Mill Burned.

The planing mill, office, shed and about 500,000 feet of lumber, belonging to the Reliance Mfg. Co., Winchester burned early Saturday morning. Loss \$35,000, insurance \$11,000. Geo. Tomlinson and Geo. Hon, members of this firm, are former residents of this place where they receive much sympathy in their loss.

An Old Paper.

"Uncle" John W. Kennon, of Vaughn's Mill, was in town Saturday, and while here dropped into our office and exhibited a copy of the "Argus Western America," published at Frankfort, Ky. Under date of Nov. 10, 1823. The paper was then in its sixteenth year. The only firm we saw advertised in this sheet that we ever did any business with was the Cincinnati Type Foundry. This company was succeeded about six years ago by the American Type Founders Co. The paper is quite a relic and is prized very highly by Mr. Kennon. We enjoyed its perusal finely as we did the call from "Uncle" John.

STATE OF KENTUCKY, { ss:

I, E. W. Rhubesky, acting Cashier of the above-named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief.

E. W. Rhubesky, acting Cashier.

Subscribed and sworn to before me this 20th day of Sept., 1902.

My commission expires Mar. 21, 1904.

CORRECT—Attest:

CHAS. SCOTT,
JNO. D. ATKINSON, { Directors.
M. H. COURTEY,

World furnishes that paper with the following remedy for that painful disease rheumatism. "A simple remedy that works quickly for muscular rheumatism is oil of checkerberry or wintergreen. When twinges or shooting pains are felt in the arms or legs or down the back, place ten drops of oil of wintergreen on a lump of sugar and eat it. Use this remedy four times daily until the pain is relieved. This is so simple a cure that many refuse to try it, but I know from personal experience that it is a great relief.

Pure Water in Lexington.

Every precaution is being taken in Lexington to stamp out the typhoid fever epidemic. The water used at the Court House when it is taken from the reservoir goes through the aeration process and then is filtered through sand and charcoal. Then when that water is at the Court House it is first boiled and then sent through a filter. Still wen it goes in the coolers it is again filtered. It looks like there should be nothing but pure water drank at the Lexington Court House.

Another Killing in Breathitt.

The report comes from Jackson of the killing of Sam Jones by Cecil Noble Troublesome Creek Breathitt county, near the Perry line, the 16th. They fought with pocket knives. Noble is Jones' nephew by marriage. In the fight Noble was shot and slightly wounded by Sam Jones Jr., son of the man killed.

The tragedy was the result of a sudden quarrel over cards and whisky. It has no connection with any feud.

Cut off The Horns.

As the time for dehorning cattle will soon be here, there should be no excuse for an animal carrying a pair of horns upon the farm. Many a cow has gone into winter quarters in poor condition because she has been pestered by the horn fly, which deposits its egg about the base of the horn, later followed by the maggots, which destroy the horn growth. If the horns were not there this would not occur. Who will maintain that the growing of horns is not cruel?

Save Your Feed.

In traveling over the country, we observe that the feeding of corn from the field has begun this early in the fall season. Many of these same persons will be out of both corn and fodder long before the winter is over. Of course where one has plenty of feed this can be indulged in. Stock can live now on grass, and feeding should not be commenced until the last pinch where feed is scarce, for one-half feed all the time beats full feed only half of the time.

Horse Stung to Death.

On August Court day, John Jackson, a farmer, hitched his horse in a lot in this city, which is controlled by R. G. Engle, and during the day the horse got too near a stand of bees and was so badly stung by them that it died. Jackson brought suit against Engle in the quarterly Court for \$75. and a jury awarded him \$30.—Richmond Pantograph.

Montgomery Primary.

The Montgomery County Committee has ordered a primary election to be held in that county on November 4 for the purpose of nominating a candidate for Circuit Clerk. Each of the candidates must put up \$250.

The Clay City National Bank has a report in this issue, which furnishes very satisfactory reading for all interested persons.

For Circuit Judge.

Judge J. M. Benton, of Winchester, is a candidate for Circuit Judge in this district. See his card to the Democrats in this issue.

Judge Benton is filling out the unexpired term of the late Judge T. J. Scott under appointment from the Governor, and in this short time has proven himself worthy and competent to fill the office. No better man can be named.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

ANNOUNCEMENTS.

COMMONWEALTH'S ATTORNEY.
We are authorized to announce B. A. CRUTCHER, of Jessamine county, as a candidate for Commonwealth's Attorney, for the 25th Judicial district, subject to the action of the Democratic party.

CIRCUIT CLERK.

We are authorized to announce Mr. W. T. STRINGER, of Clay City, as a candidate for the office of Circuit Clerk of Powell County, subject to the action of the Democratic party.

We are authorized to announce Mr. Morgan R. LYLE, candidate for Circuit Clerk of Powell County, subject to the action of the Democratic primary to be held Dec. 6, 1902.

Philippine Trade.

We have already expended about \$700,000,000 on the Philippine Islands in order to secure the magnificent trade of that archipelago. According to the annual report of the Secretary of War, the exports to these islands from the United States for the fiscal year of 1901 were \$2,855,685, while those of Great Britain were \$6,956,145, or nearly three times as much as from our own country.

If we could make a profit of 10 per cent. on every dollar's worth of goods we sell in our new possessions, it would take us more than a thousand years to get back what we have already expended, says the Democratic Campaign Book. If we could increase our present trade a thousand per cent. and make a profit of 10 per cent. on every sale, it would about defray the cost of maintaining there two regiments of American soldiers. Some of our military officers say that it will be necessary to maintain there an army of from thirty to fifty thousand men. An army of 30,000 men kept there for a single year would consume the present profits on our present exports for 150 years.

A Wild Delusion.

A Washington Dispatch says: "John W. Langly, appointed Clerk of the Census, has returned from New York, where he saw Chairman Babcock, of the Republican Congressional Committee, in regard to the Kentucky situation. The Republicans will make strenuous efforts to carry the Third, Fifth, Ninth and Tenth districts, and will be aided by the Congressional Committee."

Don't deceive yourselves so, "Brethren," we Democrats have arranged things differently, in the Tenth district at least, and are going to do what the Republicans have never done in this district, elect our man—Frank Hopkins—to Congress. Will you allow him to fill his complete term or will you contest and take his office away from him as you did Joe Kendall's without a shadow of excuse for so doing except that the other fellow wanted the office, and took the opportunity and stole it?

"Note in Your Own Eye," Brother.

A Republican paper which seems to take a "tater" at most everything a Democrat may do or say, says that the editorials for most country Democratic weeklies are made by head-quarter men at Washington. This reminds us of a time not long since when we were reading a copy of the Paris, Ill. Globe and found a number of articles in that paper were just the same, verbatim, as those in the paper in question, but were puzzled when we found the two papers were the same date. We wonder who wrote these editorials.

The Mayor of a Missouri town wants to fine every citizen of the town who allows weeds to grow six or more inches high on their premises, \$25. Such an ordinance as this rigidly enforced in Clay City would bankrupt most of our people, and put numbers of them in the poor house. Please don't pass this ordinance, Messrs. Mayor and Councilmen unless you can limit the height of the weeds to at least three feet.

Abram Renick, of Clark county, is a candidate for the Democratic nomination of Lieutenant Governor. He is now serving his second term as Clark's Representative in the State Legislature, and is one of the most popular members of that body. Mr. Renick is a farmer, so now our brother farmer have an opportunity to show their appreciation for one of their class.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucus surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

AN ALL HOME-MADE PAPER

THURSDAY - SEPTEMBER 25, 1902.

LOCAL BREVITIES.

A Card.

To the Democrats of the 25th Judicial District:

For a few months I have held the office of Judge of the Circuit Court for this district under an appointment from the Governor to fill the vacancy caused by the death of the lamented Judge Scott. My honest desire has been to so discharge the duties of the office as to cause my word to commend itself to all the people of the district, and if my service as judge has been acceptable to the people, I will appreciate most highly an endorsement by them. I respectfully ask it, and I hereby announce my candidacy subject to the action of the Democratic party, in order that I may be the candidate of the party to which I have always acknowledged allegiance, for the next regular term. I most earnestly solicit the support of all Democrats, and I promise in the event of my nomination and election to make an honest effort to improve with age. Respectfully,

J. M. Benton.

A Good Hearted Man,

or in other words, men with good sound hearts, are not very numerous. The increasing number of sudden deaths from heart disease daily chronicled by the press, is proof of the alarming prevalence of this dangerous complaint, and as no one can foretell just when a fatal collapse J. A. Kreamer, will occur, the danger of neglecting treatment is certainly a very risky matter. If you are short of breath, have pain in left side, smothering spells, palpitation, unable to lie on side, especially the left, you should begin taking

Dr. Miles' Heart Cure.

J. A. Kreamer of Arkansas City, Kans., says: "My heart was so bad it was impossible for me to lie down, and I could neither sleep nor rest. My decline was rapid, and I realized I must get help soon. I was advised to try Dr. Miles' Heart Cure, which I did, and candidly believe it saved my life."

Dr. Miles' Remedies are sold by all druggists on guarantee.

"In dealing with man, remember that a spoonful of oil will go farther than a gallon of vinegar." The same may be said of children. There is nothing so good for children as the old-fashioned castor oil. However much they may abhor it, it is their best medicine for disorders of the bowels. In the more severe cases of diarrhoea and dysentery, however, Chamberlain's Colic Cholera and Diarrhoea Remedy should be given after the oil operates, and a quick cure is sure to follow. Town Property For Sale.

Two houses and lots in the town of Booneville, Ky. One house on Main street and the other on Mulberry street. Desirable property at the head of the coal and timber business. This property I will sell at a low price. For further information see W. B. Bullock, Booneville, Ky., or N. McIntosh, Spout Spring, Ky.

A Kansas widower who got married again in two weeks after his wife died, went out and tried to hush up the chivalry crowd by telling them that they ought to be ashamed to make such a noise around a house where a funeral had occurred so lately. This is pretty near equal to the story of a fellow who killed both his father and mother and then pleaded for mercy on the ground that he was an orphan.

The fall trots at Lexington, beginning October 7, will, as in years past, be one of the grandest events of the year. There will be given in stakes and purses \$100,000, which assure those expecting to attend the trots of seeing not only the best blooded horses in America, but the fastest.

Bad Colds.

When you contract a cold, before resorting to drugs try the following process: If able, go out into the

open air and breathe copiously and deeply for about twenty times, repeating the operation every hour until cured. If unable to go out, have the windows and doors open, wrap yourself in blankets or other warm clothing, during which time do just as directed. Some persons having had a cough for six weeks have got rid of it by this process; also cured themselves of colds newly contracted. Therefore, everywhere try to cultivate full and frequent lung inflation by breathing clear out, clear in, and low down—that is, make all your breathing as when taking a long breath, and this will have a tendency to throw off the waste materials at the pores, and revitalize the blood, and thereby impart warmth and energy to the system. See that the rooms are well ventilated, especially your sleeping apartment. Wear woolen stockings and strong boots.—Exchange.

Please Stop My—What?

"Times are hard, money is scarce, business is dull, retrenchment is a duty. Please stop my"—Whiskey? "Oh no; times are not hard enough for that yet. But there is something else that cost me a large amount of money every year, which I wish to save. Please stop my—Tobacco and cigars? No, no—not these; but I must retrench some-where. Please stop my—" Ribbons, jewels, ornaments and trinkets? Not at all. Pride must be fostered, if times are ever so hard; but I believe I can see a way to effect quite a saving in another direction. Please stop my—" Tea coffee and needless and unhealthy luxuries? "No, no, no. Not these I cannot think of such a sacrifice. I must think of something else, Ah! I have it now. My weekly paper cost me two cents a week, \$1 a year; I must save that. Please stop my—paper. That will carry me through easily. I believe in retrenchment and economy."—Exchange.

Fast time or slow time is unknown in a reliable watch. We can make your watch reliable or furnish you one that is. Accuracy and punctuality are stepping stones to success in business or social life.

A Well Posted Politician.

A gentleman of Mt. Sterling, attending the springs here, paid the towns of Campton a flying visit on Monday and heard Hon. Frank Hopkins address the people where-upon he remarked: "He is the best posted man this district has presented in a long, long time." And uttered an indubitable idiom when he said it, for on field or forum Frank Hopkins will prove a foeman worth any statesman's steel, and in the halls of congress he is certain to prove a credit to his constituency. What more can anyone ask? Then see that he gets your vote.—Hazel Green Herald.

Mrs. Fred Unrath,
President Country Club, Benton
Harbor, Mich.

"After my first baby was born I did not seem to regain my strength although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband insisted that I take Wine of Cardui for a week and see what it would do for me. I did take the medicine and was very grateful to find my strength and health slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

Wine of Cardui reinforces the organs of generation for the ordeal of pregnancy and childbirth. It prevents miscarriage. No woman who takes Wine of Cardui need fear the coming of her child. If Mrs. Unrath had taken Wine of Cardui before her baby came she would not have been weakened as she was. Her rapid recovery should commend this great remedy to every expectant mother. Wine of Cardui regulates the menstrual flow.

ARE YOU DEAF?
ANY HEAD NOISES?
ALL CASES OF
DEAFNESS OR HARD HEARING
ARE NOW CURABLE
by our new invention. Only those born deaf are incurable.
HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

BALTIMORE, Md., March 30, 1901.
Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.

About five years ago my right ear began to sing, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,

F. A. WERMAN, 730 S. Broadway, Baltimore, Md.
